School Food Services

Walton-Verona Schools are dedicated to serving nutritious meals and providing multiple physical activity opportunities as a means of helping our students reach proficiency.

Our Food & Nutrition Services Department is made up of a team of food and nutrition professionals that are dedicated to students' health, well-being, and ability to learn. We support learning by promoting healthy habits for lifelong nutrition and fitness practices.

Meals, foods, and beverages sold or served at schools meet state and federal requirements based on the [USDA](#) Dietary Guidelines. We provide students with access to a variety of affordable and appealing foods that meet the health and nutrition needs of students. Menus can be viewed on Walton-Verona School Webpage under Lunch Menus

If there is no attempt to reconcile charges, students may be prohibited from attending and/or participating in extra-curricular activities/events.
